## AFTERSCHOOL TUTORING

We have wonderful opportunities for afterschool tutoring every day of the week. Students that need extra assistance or students who want to complete their class assignments/projects, this is the place to be. Tutoring can help strengthen subject comprehension, boost confidence, and build important learning skills. According to Total Education Solutions, tutoring has shown to increase test scores by 12%. What's more, students who were being tutored surpassed their non-tutored peers by nearly 90%. Eight-out-of-ten students who receive tutoring get better grades. Please take advantage of this golden opportunity! 😊

## COLLEGE & CAREER NIGHT at the TCC

Juniors and Seniors, you are invited to attend the College Night @ TCC on Tuesday night.
