

SEPTEMBER 2023 NEWSLETTER

Attendance is important, Eagles! Santa Rita High School is committed to ensuring that every student achieves academic success. School attendance is a powerful predictor of student outcomes. In fact, irregular attendance can be a better predictor of whether students will drop out of school before graduation than test scores, according to the US Department of Education. When students are absent from school, they miss out on consistent instruction needed to develop basic skills. Students who regularly attend school and graduate from high school build a foundation for more positive life outcomes:

- Better academic performance
- More work options and earning potential
- Greater opportunities for higher education
- Higher civic engagement
- More developed life skills that positively influence health and economic decisions

To report absences, parents/guardians are expected to call, send a note or an email to the school on or before the day(s) of absence. The school **MUST** receive notice within 48 hours after the student returns to school, otherwise, it will be considered unexcused.
