FALL SEMESTER 2024: Week 4

Week 3 Reflection: I hope everyone had impactful learning experiences at your first TUSD PLD of the 2024-25 school year! This week we are back to a “typical” week with the resumption of WIN and five instructional days—including our block days. Please plan accordingly.

WIN (What I Need) Time: In reviewing the WIN session options for students, it appears very few teachers have created sessions for this week. Remember the expectation is to build your sessions by Friday and complete student assignments (if applicable) by Monday. We are only in our second week of WIN and should have extensive options for students not needing interventions (enrichment). If you need assistance in any way, please work with our CREW Coordinators (Townsend & Peralta).

Student Chromebooks: Go Guardian has been removed from our students' Chromebooks which should improve access to content. If moving forward you continue to have trouble accessing specific sites, submit a JIRA ticket.

Cell Phones: Your continued commitment to maximizing instruction is working! We've had a great start, and your continued leadership is critical to sustain this positive elevation of expectations. Thank You!
