FALL SEMESTER 2024: Week 8

Wednesday PD: What. A. Week. Thank you for your commitment to our students and learning community. Continue to do yo' thang...but be vigilant. **See Something? Say Something. Hear Something? Say Something. Our safety is a collective effort!** We need everyone to do their part. I am SO grateful our students did their part and notified staff members when they had concerns. It takes courage for our youth to do this...and I commend them for their actions! Thank you for establishing relationships with our students so that they know they can come to you when it matters most.

Fire Drill Update: Due to the ongoing social media threats directed at schools, along with recent events at SRHS specifically, **we will continue to postpone our Evacuation Drills (Fire) indefinitely. If any alarm sounds before my direct notification about reinstating our evacuation drills, all teachers/staff will hold their classrooms until explicit directions are issued via intercom (along with Remind).** Please let the front office know if you have questions or concerns. We will also be discussing at Wed PD this week. Thank you for your flexibility and vigilance.

Hearing & Vision Screening Update: This was originally scheduled for this week, but **we will be postponing screening until Monday, November 4.** This will impact all 9th graders and new TUSD students. We will send out reminders as we get closer to the date.

On Your Radar:
